

Results in only **three** simple steps:

## Example of Interpretation

**A: Control**

**B: Legionella pneumophila**

**C: S. pneumoniae**

• Refer to diagram on test kit for invalid test interpretation

• Keep test tube tightly sealed to avoid exposing unused strips to moisture

Description	UOM	Cat no.
Immuvie <i>S. pneumoniae</i> and <i>L. pneumophila</i> Urinary Antigen Test	22 tests per kit	2451
