

QUICKSLIDE™

GRAMPRO 1

QUICKSLIDE™ GRAMPRO 1

SINGLE SLIDE AUTOMATED GRAM STAINER

Electro-Optical Decolorization

The **GramPRO 1™** is equipped with a patented electro-optical “eye” that fine tunes the decolorization process while accommodating various sample thicknesses. The **GramPRO 1™** is ideal for standardizing Gram staining in labs and ensuring consistency regardless of technician experience. No more under or over decolorization!

Fast, Hands-Free Staining

Totally hands free, each slide is automatically stained, decolorized and counter stained in about 5 minutes. Load the slide, select the stain cycle, and walk away! The user is alerted once the staining process is complete.

Small Compact Size

The **GramPRO 1™** is small enough to fit on any lab counter top. Fits near most microscopes and sinks. The elongated waste tube allows for waste to be contained or disposed down the sink.

Easy Maintenance

It's as simple as the push of a button. **GramPRO 1™** has built-in cleaning procedures for ease of use and optimal stain quality. No more messy sinks and stained counters! The instrument prompts the user when maintenance is required and gives step-by-step instructions

CAT. NO. GP 1

HardyDiagnostics.com/QuickSlide

Additional Features:

- ▶ Standardization across all shifts and technicians
- ▶ Individual stain preference controls for color intensity and operator preference
- ▶ Consistency regardless of sample types or thicknesses
- ▶ Waste is easy to contain or drain
- ▶ Audible signal when process is complete
- ▶ No technical expertise required – Produces high quality stain every time
- ▶ Need higher throughput? Buy two or three GramPRO 1's to meet your lab needs!
