The HemaPRO™ Slide Stainer is a valuable addition for any laboratory, especially those pursuing standardization.
**Ideal for:**
- Small to medium hospitals
- Urgent care facilities
- Physician labs
- Stat/backup in larger labs

**Quality**
- Easy-to-read slides
- Reduced variability by standardizing the staining process
- Uses fresh stain on every slide

**Simplicity**
- Load the slide, select the setting, and walk away!
- Easy-to-use touch pad
- No daily maintenance required
- Stains in 90 seconds

**Versatile**
- Stains, blood smears or bone marrow
- Small footprint

**Programmable for stain intensity**

**Settings for blood smears or bone marrow**

**Uses fresh reagent on each slide**

**Small footprint - 12”W x 11”H x 10.5”D**
